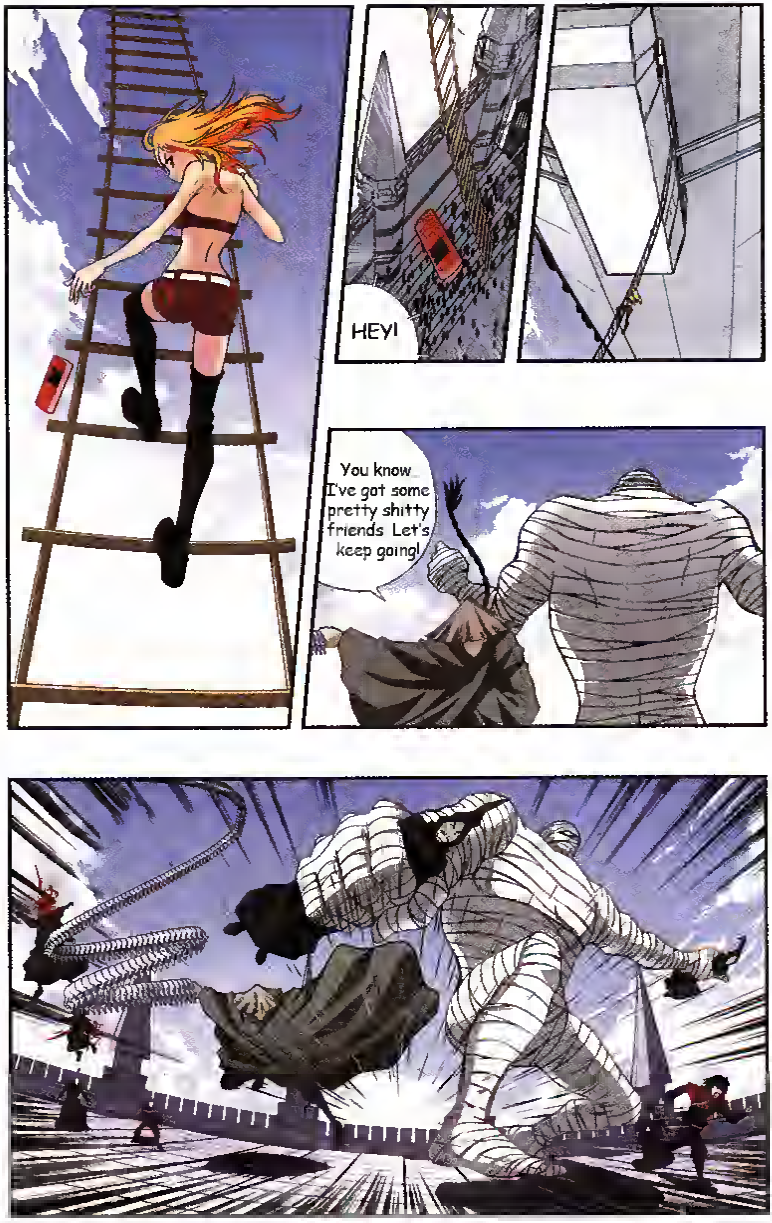
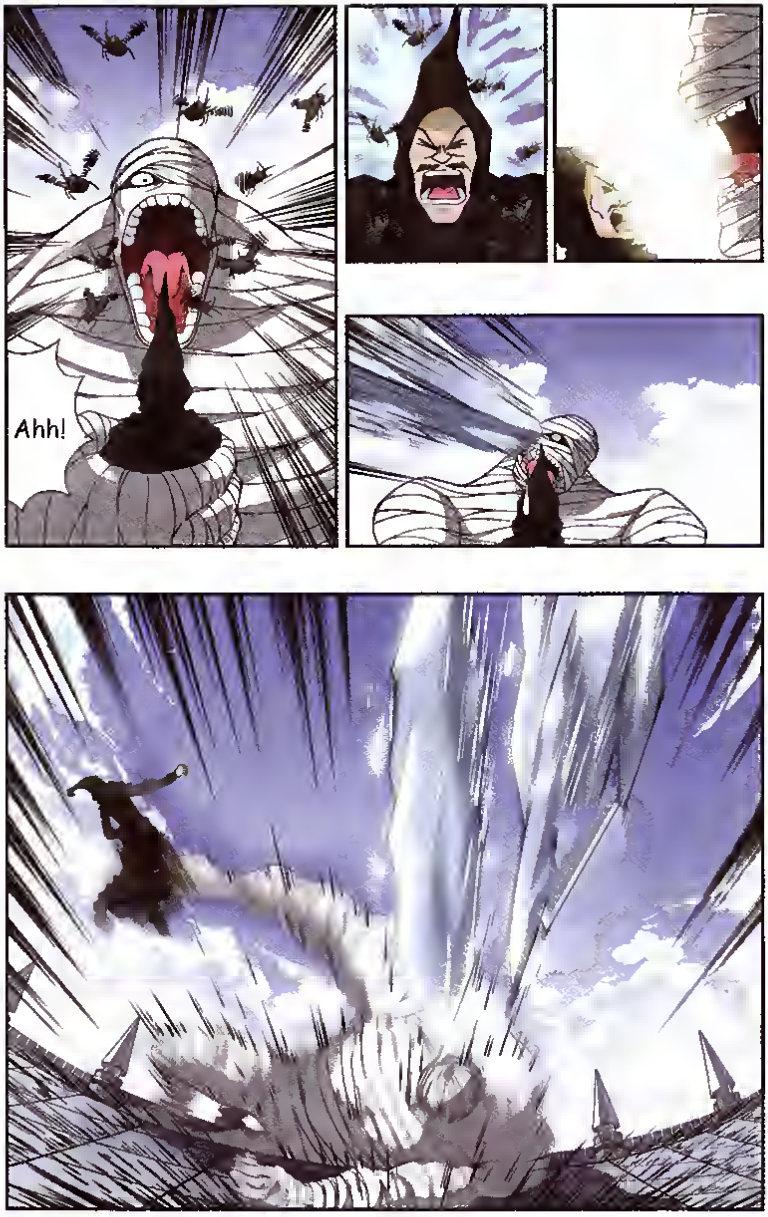
Tell them to make sure the Ratan is dead before leaving...
If they are killed by magic it will be very troublesome...
I understand!
Hello, does Mr. Gold have any further instructions?
.....



HEY!
You know... I've got some pretty shitty friends. Let's keep going!



Ahh!

A zombie?!
Is it dead?
Ice?

Hey, another one's coming!

That's a huge icicle...
There's a person on top!

Ladies and gentlemen I am late.

The superhero is always the last one to arrive, isn't that so?
Now to introduce ourselves
The hero!
Outta the way!
Why did you come out so fast?
...are those guys trying to be funny?
They're so handsome!!!
Introducing...

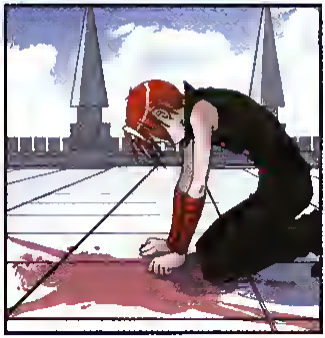
No, this type of energy only has a simple healing effect.

You can't bring the dead back to life!

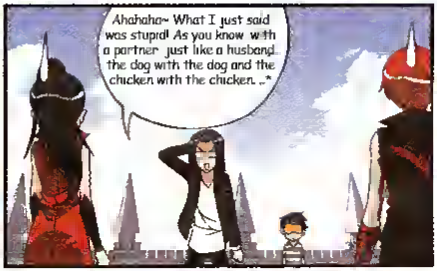


You're Cangyue?

Who I am isn't important. You guys are doing just fine

I'm so useless. I can only kill the ones who wear a mask...

When we chose you for this job, we did so because of your abilities
.....



Ahahaha~ What I just said was stupid! As you know with a partner just like a husband the dog with the dog and the chicken with the chicken...*

Let's go!
To chase the airship? I'll give you guys a lift!
